SECTION 1: INTRODUCTION

Macomb County is accepting Statements of Qualifications (SOQ's) from entities (Submitters) interested in providing Construction Manager/General Contractor (CMGC) services for a landscaping replacement project (The Project) on the section of Mound Road between I-696 and M-59.

Macomb County staff, with the assistance of a landscape architecture consultant, is in the process of preparing design plans for the landscaping within the project segment. The design phase is currently 30% complete. Macomb County will also utilize a separate Independent Cost Estimator (ICE) throughout the design phase of the Project. The CMGC is expected to perform the pre-construction services outlined in Section 3.2 and be responsible for the final construction and maintenance of the project if an agreement on price is reached.

As the design nears completion, (approximately 60% to 90% final plans) the selected CMGC will prepare and submit a Construction Services Cost Proposal (CSCP) in accordance with Section 3.3 in order to begin final price negotiations. Subject to a successful price negotiation with Macomb County, the CMGC will be awarded the construction portion of the project and responsible to complete the construction while directly performing at least 40 percent of the work. The remaining portion of work may be completed by subcontractors. If an acceptable Construction Service Cost Proposal cannot be reached, the project will be advertised following Macomb County's design-bid-build process.

By submitting a Statement of Qualifications (SOQ), Submitters agree to be bound by the requirements outlined in this Request for Qualifications (RFQ), be held to any commitments made in a submitted SOQ and shall satisfy all requirements developed during the design phase of the Project. Failure of the Submitter to meet these requirements may result in rejection of the CMGC process, and the Project may be advertised following a design-bid-build process. The Project will be funded with local Macomb County, City of Warren, and City of Sterling Heights dollars.

The purpose of utilizing this innovative delivery method is to benefit the public and Project by engaging the CMGC contractor during the design to ensure the highest chance of landscaping success and cost-effective strategies for long term viability. Including the CMGC in the plant, tree and shrub species selection and planting location process with the desired long term plant retainage requirements will provide the best opportunity for a successful Project that meets the expectations of Macomb County and the stakeholders.

SECTION 2: PROJECT BACKGROUND

2.1 PROJECT INFORMATION

The CMGC shall complete the installation of median landscaping and aesthetic treatments within the limits of the Innovate Mound project corridor, followed by an establishment period for all plantings. Conceptual median treatments and acceptable plant types and landscaping materials are provided in the project reference information documents. Alternate plant types and landscaping materials can be reviewed as the design progresses.

Available project reference information documents can be viewed and/or downloaded at <https://innovatemound.org/Landscaping-Project/>. Available information is as follows:

1. Industry Forum Presentation
2. Industry Forum Meeting Notes Including Q&A
3. Landscaping Aesthetic Guidelines
4. Landscaping Conceptual Plans
5. Roadway Plans Including Detention Basin Detail and Berm Detail
6. Preliminary DTE Lighting Plans
7. 2022 to 2023 Roadway Construction Schedule

Macomb County has a contract with a Design-Builder for construction of the roadway; the Design-Builder’s work includes construction of the median berms, detention pond earthwork, decorative lighting columns, and decorative concrete at intersections shown in the Landscaping Plans. Median lighting along the corridor is being installed by DTE Energy. The CMGC will be responsible for coordinating with the Design-Builder and DTE Energy regarding as-built information for the corridor within the limits of the CMGC’s work.

Installation of the landscaping must be completed over two seasons, mirroring the sequence of the Design-Build roadway construction phases. Seasonal limits and interim completion dates are shown in **Table 1**. Regarding the establishment periods, the end of the establishment period for the Season 1 limits is extended an additional year to match the end of the establishment period of Season 2. The CMGC must also follow turf establishment seasonal limits of October 10th.

Table 1. Landscaping Seasonal Construction Limits and Required Milestone Dates

Season	POB STA.	POE STA.	Landscaping Construction Completion	End of Establishment Period
Season 1	402+00 (15 ½ Mile)	642+54 (Dobry Drive)	October 31, 2023	October 31, 2026
Season 2	166+50 (11 Mile Road)	402+00 (15 ½ Mile)	October 31, 2024	October 31, 2026

The milestone dates shown in Table 1 must be met; the CMGC shall identify and comply with any and all seasonal restrictions, planting windows, or other constraints that may affect the sequencing of the Work so that the interim completion milestones are met. Liquidated damages on the project will apply per standard specifications.

Performance (establishment) requirements for the landscaping will be developed with assistance from the CMGC. The performance requirements will include inspection and maintenance of the plantings installed as part of the contract, including watering, fertilizing, and/or other support for successful establishment of plantings. All plantings installed as part of the contract will be expected to be maintained at the levels developed in the contract documents and replaced as necessary during the life of the contract. The length of the period will be three years for Season 1, and two years for Season 2 so that the CMGC will maintain the full corridor through the end of the establishment period.

REQUEST FOR QUALIFICATIONS

Based on the scope of the Project and the preliminary estimate, the Contractor (CMGC) must meet the following prequalification categories:

- Michigan Department of Transportation 2500 H (Landscaping)

Anyone wishing to perform construction work on the Project must be prequalified.

Information and forms to become construction prequalified are located at:

<https://www.michigan.gov/mdot/Business/Contractors/prequalification>

A sample preconstruction contract is located in Exhibit C.

2.2 PROJECT MANAGER

Project Manager:
John Crumm
Macomb County Department of Roads
117 South Groesbeck Highway
Mount Clemens, MI 48043
E-Mail: JCrumm@RCMCWeb.org

All questions must be e-mailed to the Project Manager.

2.3 PROJECT TEAM

The Project Team, as referenced herein, is composed of Macomb County Department of Roads staff, HNTB (Macomb County's PMT), MKSK (landscape architecture consultant), the CMGC, potentially key subcontractors to the CMGC, and any additional Project stakeholders.

2.4 PROJECT GOALS

The following project goals are expected to be incorporated into the construction phase of the project. Failure to address or determine the means to accomplish these goals during the pre-construction phase may lead to the Project being advertised by using the design-bid-build process instead of having the project constructed by the selected CMGC.

Project goals:

- Ensure total CMGC costs for pre-construction, construction, and establishment phase work are at or below the \$2.5 million budgeted for this CMGC contract.
- Adhere to the Aesthetic Design Guide.

SECTION 3: PROJECT SCOPE OF WORK

3.1 DESIGN RESPONSIBILITY

The CMGC will not be expected to be the designer of record for the project but is expected to provide the Project Team with construction expertise and technical experience to assist in project decision-making, ensure the technical challenges are addressed, and provide input on items affecting construction costs, schedule, constructability, maintenance and market conditions. Macomb County has hired MKSK to perform the landscaping design work.

3.2 PHASE 1 – PRE-CONSTRUCTION SERVICES

The CMGC shall consult with the Project Team during the design phase in order to develop, implement, and maintain a spirit of cooperation and open communication among the parties so that the goals and objectives of each are clearly understood, potential problems are resolved promptly, and upon completion, the Project is deemed a success by all. The Pre-Construction Services Fee is described in Section 7.1. The CMGC shall deliver pre-construction services by performing the following:

- Review and analyze in-progress design, details, performance requirements, and specifications developed by Macomb County’s design consultant and provide input. Macomb County is looking for the CMGC’s input on selecting the appropriate design and developing performance measures for inspection and maintenance.
- Provide input on species, sizing, and location of proposed plantings to provide the highest potential for long term viability and meet the needs of Macomb County and the stakeholders.
- Identify potential construction and constructability issues and risks for each to assist the Project Team in selecting the appropriate design and performance measures for the Project.
- Provide recommendations and guidance on the proposed plant locations and maintenance considerations and offer suggestions with respect to the means and methods, materials, innovations, maintaining traffic concepts, and construction sequencing to improve efficiency, cost effectiveness, completeness or clarity, and sustainability of the landscaping.

- Review the project site with Macomb County design and construction staff.
- Coordinate with the Design-Builder as necessary, especially with regard to the accuracy, content, or reliability of construction as-built information within the limits of the CMGC's work.
- Provide input to the Project Team regarding current construction industry practices, labor market, and availability of tree stock.
- It is allowable for the CMGC to use subcontractors or design consultants to supplement pre-construction services in order to provide necessary expertise. Critical or key subcontractor involvement is desired during the preconstruction phase. The self-perform minimum requirement does not apply to preconstruction services, however, the CMGC shall remain fully responsible for any and all commitments made by its subcontractors during the pre-award phase.
- Notify the Macomb County Project Manager, in writing, of all problems, conflicts, and/or deficiencies identified during the review and evaluation of design drawings and/or Design-Builder as-built information.
- Assist the Macomb County Project Manager and design team in resolving problems, conflicts, and/or deficiencies identified during the review and evaluation of design drawings.
- Provide construction estimates, and supporting documentation if requested, when the plans are 60 percent complete and at the final cost negotiation stage. Unless otherwise approved by Macomb County, the estimates will provide a unit price on standard pay items when applicable. If items of work cannot be estimate at these stages, provide a report of what the items are, the reasons a price cannot be estimated, and factors which will impact the item's pricing.
- Provide a written report of items Macomb County should consider to improve any aspect of the project. At a minimum, the reports are to be submitted to the Project Manager after reviewing 60% plans and specifications.
- Develop a preliminary Schedule of Values. At a minimum, the Schedule of Values must incorporate the below items unless otherwise approved by Macomb County. If proposed, other payment mechanisms will be considered for approval.
 - Describe, in writing, with sufficient detail related to the specific work included in the Schedule of Value Item and the limits of the Schedule of Value items so it can be accurately performed, tracked, invoiced and paid
 - Identification of when payment can be requested and payment can be paid
 - Identify the estimated dollar value associated with the Schedule of Value Item
 - Be able to identify key Schedule of Value categories in a CPM Schedule
- Develop a baseline schedule during design which shall include a plan outlining:
 - Material procurement including allowing 7 days for nursery inspection by Macomb County representatives
 - Material delivery and handling

- Production schedule to meet planting dates and priorities

The schedule will be used to analyze the procurement of materials and the constructability of the project within the allotted project milestones. The software used for this will be discussed and approved by Macomb County.

- Provide a final review and evaluation of the final plans and construction documents. Provide a written final review of the plans to demonstrate that the final plans, specifications, items of work, and quantities have been reviewed and are reasonable and accurate to complete the project. The project superintendent must be involved in the review and evaluation of construction documents.
- Provide staff to assist in the preconstruction phase that will be active and have a lead role in the field during construction. The project superintendent should be involved throughout the CMGC process and included in the plan reviews, quantity reviews, etc.
- Work with Macomb County to develop a communication plan within 7 days after the authorization to proceed with pre-construction services. The communication plan should clearly demonstrate how the CMGC and Macomb County will work to convey information and establish a clear line of communication. The plan should also demonstrate how the CMGC and Macomb County plan to include all parties with interest in the project, including, but not limited to City of Warren, City of Sterling Heights, the public, private utilities, and businesses. The plan will serve as the baseline for communication and be followed for both the pre-construction services and services during construction.
- The CMGC should expect to attend all pre-construction coordination meetings with the Project Team. The expected meetings are as follows:
 - Project Kickoff meeting
 - Preliminary Plan Review Meeting
 - Preliminary Estimate Meeting
 - Final Plan Review Meeting
 - Approximately 3 design and estimate review meetings. The design review meetings will be in person.
 - Final Price Negotiation Meetings (minimum of two)

3.3 CONSTRUCTION SERVICES COST PROPOSAL

The CMGC shall submit a Construction Services Cost Proposal (CSCP) when the plans and construction documents are completed to a level sufficient to do so. All costs associated with developing and negotiating the CSCP is included in the Pre-Construction Service Fee. The CSCP should include the following three possible payment areas:

- A Lump-Sum Guaranteed Maximum Price (GMP) for the initial plantings and the maintenance period,
- Adjustable work, and
- Possible contingency items.

The GMP must contain all items that will be paid based on an agreed upon unit price. The quantity of the work items included in the GMP may increase or decrease as the project is built, however, there will not be an increase in price to the GMP unless there is a scope change that significantly changes the scope of work. The GMP will not be exceeded without approval from the Macomb County Project Manager, and only by a written work order. All costs or expenses in excess of the GMP shall be borne by the CMGC, unless adjusted by a previously approved written work order. Adjustable Work includes items of work that are paid based on an agreed upon unit price and actual quantities placed during construction. This work shall be used to mitigate risk for items that cannot be accurately quantified during the design. Potential shared risk items will also be identified in the development of the GMP.

Contingency items, if used, will be used to compensate the contractor for work items that cannot accurately be identified and quantified during the design phase. The CMGC should endeavor to include any and all reasonably anticipated items of work in the GMP and Adjustable Work price.

The CMGC should expect several rounds of negotiations to arrive at an agreed upon Construction Services Cost Proposal. Negotiation meetings will primarily occur with staff from the CMGC and Macomb County's Project Manager. Additional parties, including the PMT, may be brought into the negotiations if so directed by Macomb County.

The CSCP shall include:

- Guaranteed Maximum Price (GMP) proposal, including all overhead and profit considered within specified pay items; as well as any subcontracted work. Description of all other inclusions to, or exclusions from, the GMP, including all assumptions and clarifications
- Adjustable Work that may be paid based on an agreed upon unit price and actual quantities.
- Possible contingency items.
- Typical Lump Sum item costs (i.e.: mobilization, minor traffic devices, etc.) shall be detailed and include breakouts of what the costs include. These breakouts shall detail the costs for the prime and sub-contractors (i.e.: personnel established, expenses, bonding amounts, etc.)
- Construction schedule showing the proposed start and finished dates and any significant milestones.
- Clarification of understanding of the EPA/DEQ requirements including adherence to the soil erosion and sedimentation control plan requirements.

The CMGC shall make available all cost and budget estimates, including bid documents and bidding software files to Macomb County.

If the Macomb County Project Manager and the CMGC cannot agree on a Construction Services Cost Proposal, Macomb County reserves the right to terminate the CMGC services without penalty or payment, except payment for Pre-Construction Services, and to proceed with traditional design-bid-build or other non-traditional delivery methods. Any information provided by the CMGC during

the Pre-Construction phase will be used to develop the plans and specifications for the letting. Additional information such as meeting minutes, correspondence and other submittals provided during the development phase may be provided to bidders if a price cannot be reached.

3.4 PHASE 2 – CONSTRUCTION SERVICES

The CMGC shall, once the Construction Service Cost Proposal is approved:

- Construct the work, bid any remaining sub-contractor work, and manage all construction related contracts while meeting all applicable requirements.
- Develop a Quality Control Plan for review and acceptance within 30 days of notice to proceed or prior to beginning work in the field, whichever comes first.
- Execute the Quality Control Plan.
- Bond and insure the construction.
- Address and adhere to federal, state, and local permitting and environmental requirements, if applicable. The CMGC is responsible for procuring any necessary permits to complete the work.
- Maintain a safe clean and well-organized work zone work site.
- Directly perform, with their own forces, the required percent of all construction work specified in Section 1, excluding any identified specialty items.
- Complete the construction no later than specified in Section 2.1 and meet interim completion milestones specified in Section 2.5.

In the event that the contract is terminated after the award of the construction phase to the CMGC, the termination procedures as defined in the contract shall be followed.

SECTION 4: TEAMING PARAMETERS

4.1 ORGANIZATIONAL CONFLICTS OF INTEREST

Organizational conflict of interest means that because of other activities or relationships with other persons or entities, an Organization:

Is unable, or potentially unable, to render impartial assistance or advice to Macomb County

Is, or might be otherwise be, impaired in its objectivity in performing the contract work

Has an unfair competitive advantage

Disclosure, evaluation, neutralization, and management of these conflicts, or the appearance of conflicts, is in the interest of the public, Macomb County, and the consultant and construction communities.

Submitters shall state how their interest, activities, or relationships, or those of the chief executives, directors, key project personnel, or proposed Consultants may result, or could be viewed as, an

organizational conflict of interest. Submit Conflict of Interest Statement (See Exhibit A) with the SOQ. It is recommended to contact the Macomb County Project Manager immediately if a conflict of interest is found, or appears to be present, so a course of action can be determined with minimal impact to a Submitter.

If an Organizational Conflict of Interest is determined to exist, Macomb County may, at its sole discretion: offer the Submitter the opportunity to avoid or neutralize the Organizational Conflict of Interest; disqualify the Submitter from participation; or, if award has already occurred, declare the Submitter nonresponsive and award the contract to the next highest scoring Submitter, or cancel the contract. If the Submitter was aware of an Organizational Conflict of Interest prior to award of a contract and did not disclose the conflict, Macomb County may terminate the contract for default.

4.2 TEAM CONTINUITY AND CHANGES TO ORGANIZATION STRUCTURE

After submittal of a SOQ, Key Personnel may not be removed, replaced, or added without the written approval of the Macomb County Project Manager. It is expected that Key Personnel presented in the SOQ will be available for the duration of the project. Any changes to Key Personnel will require approval from the Macomb County Project Manager and may result in termination of the contract.

To qualify for approval, the written request shall document that the proposed removal and replacement, or addition will be equal to or better qualified than the Key Personnel provided in the SOQ.

4.3 EQUAL EMPLOYMENT OPPORTUNITY

The Submitter will be required to follow both the State of Michigan and Federal Equal Employment Opportunity (EEO) policies.

SECTION 5: STATEMENT OF QUALIFICATION REQUIREMENTS

5.1 ACCEPTANCE OF EVALUATION PROCESS

A submission of a SOQ in response to this RFQ indicates the Submitter's acceptance of the evaluation process as detailed in Section 8 and the recognition that subjective judgments must be made by the Selection Committee during the evaluation process and in its final selection.

5.2 CLARIFICATIONS AND INTERPRETATIONS

5.2.1 Answers To Questions

Submitters are required to direct all contact and questions regarding this RFQ to the Project Manager listed in this RFQ. <https://innovatemound.org/Landscaping-Project/>

5.2.2 Clarifications Or Interpretations

Any clarifications or interpretations of this RFQ that affect or change its requirements will be issued by Macomb County to the Project Web Site in the form of addenda, response to questions, or meeting notes. Interpretations or clarifications in any other form, including oral statements, will not be binding on Macomb County and should not be relied upon in preparing the SOQ.

5.2.3 Addenda

All addenda issued by Macomb County before the Statement of Qualification Due Date, are part of the RFQ, and all requirements shall be incorporating into the SOQ. The Submitter shall acknowledge receipt of each addendum by completing and submitting form CMGC-003.

5.3 OBLIGATION OF PARTIES

- Investigate the qualifications of any Submitter.
- Seek or obtain data from any source related to the SOQ.
- Require confirmation of information furnished by a Submitter.
- Require additional information from a Submitter concerning its SOQ.

- Modify the RFQ process.
- Waive minor deficiencies and irregularities in a SOQ.
- Reject any or all SOQ's.
- Cancel, modify, or withdraw the RFQ.
- Issue a new RFQ.

By submitting a SOQ, the Submitter understands and acknowledges the following:

5.3.1 Assumed Requirements

 - **Overhead rate option 1: Use an audited overhead rate.** Provide audit report for the company's Indirect Cost Rate Schedule for the most recent fiscal year to confirm the audited rate. If the audited overhead rate has been accepted by a state Department of Transportation other than Macomb County, include the acceptance letter and the corresponding audit report for the company's indirect cost rate schedule for the most recent fiscal year.

- **Overhead rate option 2: Request to use MDOT’s Safe Harbor Rate of 110%.**
Eligibility and requirements are available on MDOT’s website by clicking “Doing Business/Vendor-Consultant Services”, under the heading “Service Prequalification” or the following link:
https://www.michigan.gov/documents/mdot/Guidelines_for_the_Safe_Harbor_Overhead_Cost_Rate_435878_7.pdf
- The fixed fee for profit allowed for this project is 11.0% or less of the cost of direct labor and overhead.

B. Loaded hourly rates and direct expenses:

- The loaded hourly rates will include costs for overhead and profit and must be supported by invoices to other clients.
- The invoices must be for similar Pre-Construction services that have been provided to other clients.
- The rates submitted to Macomb County for each employee or classification must be supported by a minimum of three invoices.
- The rates submitted to Macomb County for each employee or classification must not be higher than the corresponding rate on any of the three supporting invoices.
- The invoices must be stamped “approved” by the client, or other documentation must be provided to verify that the client paid the invoices.

Regardless of the cost derivation, no markups will be permitted on subconsultants, subcontractors, suppliers, or vendors.

Macomb County reserves the right to negotiate the cost of the Pre-Construction Services Fee. If Macomb County and the selected CMGC cannot agree on a price, hours of effort or number of employees providing these pre-construction services, Macomb County will begin negotiations with the next highest-ranking Submitter from the SOQ scoring process.

No federal funding is provided for this Project.

Compensation for pre-construction services shall be on a Lump-Sum basis with **milestone payments**. Compensation shall be divided into payments for the completion of a portion of the services (deliverables) as follows, contingent upon agreement by Macomb County that the milestone activity is complete:

Preliminary Plan Comments and Estimate	40%
Pre-Final Plan Comments and Estimate	40%
<u>Construction Services Cost Proposal</u>	<u>20%</u>
Total Service	100%

The Macomb County Project Manager may authorize payment if a milestone is delayed due to circumstances beyond the CMGC's control.

All billings for services must be directed to Macomb County and follow the current guidelines.

Payment to the CMGC for services rendered shall not exceed the maximum lump sum amount unless an increase is approved in accordance with the contract with the CMGC.

7.2 TERMINATION OF PRE-CONSTRUCTION SERVICES

Macomb County may terminate the contract with the CMGC if pre-construction services and coordination are not provided as negotiated and/or expected, or for convenience. A written 15-day notice will be sent to the CMGC before the services are completed. If the contract is terminated for any reason during the pre-construction phase, Macomb County will determine if partial compensation for services rendered shall be paid to the CMGC.

Additional termination conditions may apply. See Exhibit C for additional contract provisions pertaining to termination.

SECTION 8: EVALUATION PROCESS

8.1 EVALUATION PROCESS

SOQ's will initially be evaluated to determine if the Submitter has met the minimum requirements ("Pass") on all Pass / Fail evaluation factors. Pass / Fail evaluation factors are outlined in Section 8.1. SOQ's will then be scored using the evaluation criteria. If a Submitter receives a "Fail" on any single Pass / Fail requirement, the SOQ will be rated as unacceptable and will not be scored on the evaluation criteria.

Once a SOQ has been determined to meet the minimum Pass / Fail criteria, Macomb County will evaluate the SOQ relative to the Macomb County Project Goals as described in Section 2.4 and scoring criteria as listed herein to determine the SOQ total score.

The qualitative evaluation score will be determined as follows:

- The Macomb County Selection Committee will review each SOQ identifying significant and minor strengths and weaknesses of the Submitter.
- Strengths and weaknesses are defined as follows:
 - Strengths – That part of the SOQ which ultimately represents a benefit to the Project and is expected to increase the Submitter's ability to meet or exceed the Project Goals. A minor strength has a slight positive influence on the Submitter's ability to meet or exceed the Project Goals, while a significant strength has a considerable positive influence on the Submitter's ability to meet or exceed the Project Goals.
 - Weaknesses – That part of the SOQ which detracts from the Submitter's ability to

meet the Project Goals or may result in an inefficient or ineffective performance. A minor weakness has a slight negative influence on the Submitter's ability to meet the Project Goals, while a significant weakness has a considerable negative influence on the Submitter's ability to meet the Project Goals.

Based on the identified strengths and weaknesses, the Selection Committee will select an objective rating and percent in the identified range.

The following rating system will be used in determining the value for each Scoring Element of the SOQ:

- **Excellent (81-100 % of points possible):** The SOQ is considered to significantly exceed the RFQ requirements / objectives in a beneficial way (providing advantages, benefits, or added value to the project) and provides a consistently outstanding level of competency. In order for the SOQ to meet the minimum criteria to be scored as Excellent, it must be determined to have more than one significant strength, additional minor strengths and no appreciable weaknesses. There is a high expectation that the team as proposed, would be successful in delivering the Project to the owner's satisfaction, and would most likely exceed all Project Goals.
- **Very Good (61-80 % of points possible):** The SOQ is considered to exceed the RFQ requirements / objectives in a beneficial way (providing advantages, benefits, or added value to the project) and offers a generally better than acceptable competency. In order for the SOQ to meet the minimum criteria for consideration to be scored as Very Good, it must be determined to have at least one significant strength, additional minor strengths and no significant weaknesses. The greater the significance of the strengths and/or the number of strengths, and the fewer the minor weakness will result in a higher score. It is expected that the team as proposed, would be successful in delivering the Project to the owner's satisfaction, and will most likely meet and/or exceed all Project Goals.
- **Good (41-60 % of points possible):** The SOQ is considered to meet the RFQ requirements / objectives and offers an acceptable level of competency. In order for the SOQ to meet the minimum criteria for consideration to be scored as Good, it must be determined to have several strength(s), even though minor and/or significant weaknesses exist. The greater the significance of the strengths and/or the number of strengths, and the fewer the minor or significant weakness will result in a higher score. It is expected that the team as proposed, will be able to deliver the Project and meet the Project Goals.
- **Fair (21-40 % of points possible):** The SOQ is considered to contain several minor and/or significant weaknesses, some minor strengths and no significant strengths. The greater the strengths and fewer the minor or significant weakness will result in a higher score. It is expected that the team as proposed, should be able to deliver the Project but may not be able to meet some of the Project Goals.
- **Poor (0-20 % of points possible):** The SOQ is considered to contain significant weaknesses and no appreciable strengths. The SOQ demonstrates a low probability of meeting the RFQ requirements and may be determined to be nonresponsive. The fewer the minor or significant weakness will result in a higher score. It is unlikely that the team as

proposed would be able to deliver the Project to the owner's satisfaction.

A score will be calculated for each Qualitative Evaluation Criteria by multiplying the percentage by the points possible.

Macomb County reserves the right to conduct an independent investigation of any information, including prior experience, identified in the SOQ by contacting project references, assessing public information, contacting independent parties or other means. Macomb County further reserves the right to request additional information from a Submitter during the evaluation of the SOQ.

The Submitter selected to be the CMGC will be the firm whose verified experience and qualifications, as presented in response to this RFQ and reference checks, in the opinion of Macomb County, as offering the most experience, expertise, and value to Macomb County and the Project. The Selection Committee will review and evaluate the SOQ's throughout the selection process on the following general criteria. It should be noted that this is not a complete list, and should not be considered a "checklist", but rather a reference.

8.1 PASS / FAIL EVALUATION CRITERIA

In addition to a complete, responsive SOQ, the following items will be part of the pass/fail evaluation of SOQ submittals:

- CMGC-001 Submitter Information
- CMGC-002 Statement of Qualifications Checklist
- CMGC-003 Addenda Acknowledgment
- Financial Viability (Form 1300EZ) (Note that form 1381 is not required)
- Conflict of Interest Form (See Exhibit A)

8.2 QUALITATIVE EVALUATION CRITERIA

8.2.1 UNDERSTANDING OF SERVICE (20 POINTS)

The Submitter shall provide an Executive Summary that includes their understanding of the project and its goals, how those goals will be met through the CMGC process, and a brief narrative describing why they are the "best qualified" to perform the services outlined in this RFQ.

Submitters should describe their ability to provide pre-construction services and the advantages offered to Macomb County and the Project from these services. Submitter should describe their ability to coordinate with Macomb County to improve constructability and provide input on construction methods based on their team's expertise and experience. The Submitter should also detail their approach for this coordination.

Submitters should describe their ability to perform the anticipated construction services for the Project. Identify what are considered to be project risks, and how the Submitter can assist in mitigating these risks.

The Submitter should include sufficient information to familiarize reviewers with their project

approach and their ability to satisfy the technical and construction requirements, review of quantities, development of cost estimates including the GMP, and address the public's concerns related to schedule and access. As part of the Understanding of Service, the Submitter should provide a preliminary communications plan outlining their understanding of how communications between the CMGC and Macomb County will occur.

8.2.2 EXPERIENCE / PAST PERFORMANCE (25 POINTS)

The Submitter shall provide the firms past experience on projects with similar scope and complexity. The Submitter should demonstrate how they completed the projects with success in the areas of schedule, safety, quality, cost and maintenance of traffic, including their role in the success of the projects. The Submitter should describe what work is intended to be self-performed and what items will be bid to prequalified sub-contractors.

Submitters should identify projects (up to three) that were completed at more than 5% over bid price and/or more than 10% over the approved schedule and summarize key drivers for the overage. Submitters may also provide examples (up to three) of projects that were delivered significantly under budget or schedule, with quantitative description of cost or schedule savings and key innovations provided by the project team. Submitters may include a current reference letter from an owner/agency representative describing the successful performance and satisfactory completion on the subject project; pictures and/or figures relating to the project are welcomed.

If your organization has defaulted or failed to complete a project in the last five (5) years, please list each project this applies to and the reasons why for each.

The Submitter shall demonstrate sufficient bonding capacity for the Project as part of the firm's qualifications. Submitter shall also provide a disclosure statement identifying if the company is currently for sale or involved in any transaction to expand or to be acquired by another business entity. Macomb County reserves the right to require additional financial information to ensure that the Proposer's financial capacity is acceptable.

The SOQ must also include a disclosure statement identifying any liability claims, including performance or payment bond claims, against their company which are currently pending, or which have been asserted against their company within the last 5 years.

8.2.3 WORK ZONE SAFETY (10 POINTS)

The Submitter shall discuss and describe how work zone accidents can be minimized or mitigated. The Submitter should also provide information related to potential areas for contractor staging areas/yards and the access to and from the project.

8.2.4 SCHEDULE MANAGEMENT (5 POINTS)

The Submitter shall provide information that will demonstrate how they could reduce and/or improve the overall construction schedule. Macomb County's desire is to expedite the construction schedule while minimizing impacts to the traveling public while completing the work in an effective manner. Scoring will be greatest to those Submitters who provide a clear understanding and provide information on how they expect to meet these goals and demonstrate how their input during the

design will be beneficial to Macomb County's schedule goals.

8.2.5 QUALIFICATIONS OF KEY STAFF (25 POINTS)

The Submitter shall list the team's key staff members and their qualifications, roles and responsibilities with projects of similar scope, schedule and complexity. The Submitters should clearly identify the roles of key staff during all phases of the project. The Submitter should demonstrate how communication will occur with internal staff, subcontractors, Macomb County, Macomb County's consultants, as well as their anticipated communication and involvement with the public. It is expected that CMGC staff that will be active during construction are also active during the project's preconstruction phase.

Name the key personnel and describe their role in the Project, experience on similar projects, and experience on other projects that successfully integrated construction and design activities.

Provide an organizational chart for the Project with names of key individuals each for the following:

- Pre-Construction Services (Prime and Subcontractors, if any)
- Construction Services (Prime and any known subcontractors. If Subcontractors are not known or identified, please describe the approach used to select Subcontractors)

Provide resumes for key personnel of the prime and any subcontractors shown on the organization charts. Resumes will not count toward the page limit of a SOQ.

8.2.6 INNOVATIONS (10 POINTS)

The Submitter shall list any potential innovations and innovative approaches to completing the project. At a minimum, innovations should specifically address how the Submitter expects to provide input into the design to improve the project and what can be done to expedite the schedule, reduce costs, or both.

8.2.7 LOCATION (5 POINTS)

Submitter shall provide the locations of the Prime contractor and key subcontractors and/or vendors. Macomb County shall award up to the maximum points for Michigan-based Submitters.

8.3 QUALITATIVE SCORE & SELECTION

Selection will be based on the Submitter with the highest total combined score (100 possible points). Macomb County does not anticipate interviews will be required.

FINAL SCORE AND SELECTION

If an interview is conducted the selection will be based on the Submitter with the highest combined total score (100 possible points).

Nothing herein is to be construed as allowing MCDR to declare as unsuitable or unacceptable any of the graphics or text because of the conclusions arrived at by the CONTRACTOR through analysis of data collected for this project.
8. As used throughout this Contract, the words "satisfactory" and "acceptance" are defined to mean that the product is in the format required and is completely in accordance with the Contract requirements; however, it does not mean that the conclusions arrived at for this project must be approved or agreed to by MCDR.

Prepare and submit to MCDR a written preliminary copy of the Final Project Report in accordance with the work plan set forth in Exhibit A for its review and acceptance prior to submission of the Final Project Report. MCDR will notify the CONTRACTOR of its acceptance or rejection of the Final Project Report within sixty (60) days of receipt of same from the CONTRACTOR.
10. Submit any proposed publication by the CONTRACTOR or its subcontractors of the results of project work for prior review and acceptance by MCDR. Such review and acceptance is for MCDR's own purposes and does not relieve the CONTRACTOR of any of its obligations and responsibilities for any claims arising out of such publication. final determination by MCDR of the allowability of such costs and will not constitute a waiver by MCDR of any violation of the terms of this Contract committed by the CONTRACTOR.

- c. Regardless of its costs, the CONTRACTOR will not be entitled to compensation in excess of the maximum amount(s) set forth in Section 18 hereof.
- d. The CONTRACTOR will not be paid for costs arising from the correction of errors and omissions attributable to the CONTRACTOR.

IT IS FURTHER AGREED THAT:

21. The parties will consider the SERVICES to be complete when accepted by MCDR. Such acceptance by MCDR is not intended to nor does it relieve the CONTRACTOR of any of its obligations and responsibilities herein.
22. Any change in the scope, character, or term of this Contract or in the maximum amount as shown in Section 18 of this Contract will only be by award of a prior written amendment to this Contract by the parties.
23. When delays are caused by circumstances or conditions beyond the control of the CONTRACTOR, as determined by MCDR, the CONTRACTOR may be granted an extension of time, as set forth in Section 49. Such extension will not operate as a waiver by MCDR of any of its rights herein set forth.
24. In the event that an audit performed by or on behalf of MCDR indicates an adjustment to the costs reported under this Contract or questions the allowability of an item of expense, MCDR will promptly submit to the CONTRACTOR a Notice of Audit Results and a copy of the audit report, which may supplement or modify any tentative findings verbally communicated to the CONTRACTOR at the completion of an audit.

Within sixty (60) days after the date of the Notice of Audit Results, the CONTRACTOR will (a) respond in writing to the responsible Bureau of MCDR indicating whether or not it concurs with the audit report, (b) clearly explain the nature and basis for any disagreement as to a disallowed item of expense, and (c) submit to MCDR a written explanation as to any questioned or no opinion expressed item of expense (RESPONSE). The RESPONSE will be clearly stated and will provide any supporting documentation necessary to resolve any disagreement or questioned or no opinion expressed item of expense. Where the documentation is voluminous, the CONTRACTOR may supply appropriate excerpts and make alternate arrangements to conveniently and reasonably make that documentation available for review by MCDR. The RESPONSE will refer to and apply the language of the Contract. The CONTRACTOR agrees that failure to submit a RESPONSE within the sixty (60) day period constitutes agreement with any disallowance of an item of expense and authorizes MCDR to finally disallow any items of questioned or no opinion expressed cost.

MCDR will make its decision with regard to any Notice of Audit Results and RESPONSE within one hundred twenty (120) days after the date of the Notice of Audit Results. If

REQUEST FOR QUALIFICATIONS

MCDR determines that an overpayment has been made to the CONTRACTOR, the CONTRACTOR will repay that amount to MCDR or reach agreement with MCDR on a repayment schedule within thirty (30) days after the date of an invoice from MCDR. If the CONTRACTOR fails to repay the overpayment or reach agreement with MCDR on a repayment schedule within the thirty (30) day period, the CONTRACTOR agrees that MCDR will deduct all or a portion of the overpayment from any funds then or thereafter payable by MCDR to the CONTRACTOR under this Contract or any other agreement or payable to the CONTRACTOR under the terms of 1951 PA 51, as applicable. Interest will be assessed on any partial payments or repayment schedules based on the unpaid balance at the end of each month until the balance is paid in full. The assessment of interest will begin thirty (30) days from the date of the invoice. The rate of interest will be based on the Michigan Department of Treasury common cash funds interest earnings. The rate of interest will be reviewed annually by MCDR and adjusted as necessary based on the Michigan Department of Treasury common cash funds interest earnings. The CONTRACTOR expressly consents to this withholding or offsetting of funds under those circumstances, reserving the right to file a lawsuit in the Court of Claims to contest MCDR's decision only as to any item of expense the disallowance of which was disputed by the CONTRACTOR in a timely filed RESPONSE.

25. MCDR and the CONTRACTOR will agree on the Key People to be assigned to the Project Team prior to any work being performed. The CONTRACTOR will not replace any Key People assigned to the Project Team without prior written approval from MCDR. MCDR has the right to disapprove proposed replacements, and the CONTRACTOR is required to find alternative replacements that are acceptable to MCDR. The replacement of Key People from the Project Team without MCDR's prior written approval will be considered a breach of the Contract, and MCDR may terminate this Contract under the termination provisions of Section 24(b). If a member of the Project Team who is one of the Key People leaves the Project Team, the CONTRACTOR will replace that person with a person who is acceptable to MCDR in accordance with the MCDR "Consultant Loss of Key Staff Notification Process," dated February 9, 2015. Failure by the CONTRACTOR to find an acceptable replacement to the Project Team will be considered a breach of this Contract, and MCDR may terminate this Contract under the termination provisions of Section 24(b). "Key People" are defined as those people whose qualifications and experience are essential to providing quality SERVICES. "Project Team" means the personnel assigned by the CONTRACTOR and the subcontractor(s) who are responsible for the completion of the SERVICES.
26. MCDR may terminate this Contract for convenience or cause, as set forth below, before the SERVICES are completed. Written notice of termination will be sent to the CONTRACTOR. The CONTRACTOR will be reimbursed in accordance with the following:
 - a. **Termination for Convenience:**

If MCDR terminates this Contract for convenience, the CONTRACTOR will be reimbursed for all milestones achieved for which MCDR receives the completed work product. MCDR will pay the CONTRACTOR a proportionate share for the

REQUEST FOR QUALIFICATIONS

partially completed work product of a partially completed milestone. The value of such partially completed work product will be determined by MCDR based on the actual costs incurred. In no case will the compensation paid to the CONTRACTOR for partial completion of SERVICES exceed the amount the CONTRACTOR would have received had the SERVICES been completed.

b. Termination for Cause:

In the event the CONTRACTOR fails to complete any of the SERVICES in a manner satisfactory to MCDR, and/or discloses MCDR's confidential information, in violation of the provisions of Section 13, and/or replaces any Key People without prior written approval from MCDR, as set forth in Section 23, and/or fails to find an acceptable replacement to the Project Team, as set forth in Section 23, and/or makes any public relations communications and/or products that are intended for an external audience without prior written approval from MCDR, as set forth in Section 45, MCDR may terminate this Contract for cause. Written notice of termination will be sent to the CONTRACTOR. The CONTRACTOR will be reimbursed as follows:

The CONTRACTOR will be reimbursed for all milestone achieved for which MCDR receives the completed work product. MCDR will not reimburse the CONTRACTOR for any partially completed milestone(s).

In the event that termination by MCDR is necessitated by any wrongful breach, failure, default, or omission by the CONTRACTOR, MCDR will be entitled to pursue whatever remedy is available to it, including, but not limited to, withholding funds or off-setting against funds owed to the CONTRACTOR under this Contract, as well as any other existing or future contracts between the CONTRACTOR and MCDR, for any and all damages and costs incurred or sustained by MCDR as a result of its termination of this Contract due to the wrongful breach, failure, default, or omission by the CONTRACTOR. In the event of termination of this Contract, MCDR may procure the professional SERVICES from other sources and hold the CONTRACTOR responsible for any damages or excess costs occasioned thereby.

27. All documents prepared by the CONTRACTOR under this Contract are the property of MCDR and cannot be furnished to any party without the permission of MCDR, except to the involved governmental agencies and commissions as part of the progress reporting process and except as provided in and limited in Section 36 herein.
28. This Contract is personal to the parties and cannot be assigned. The CONTRACTOR will not sublet any portion of the SERVICES without MCDR's approval of the CONTRACTOR's Intent to Subcontract form, and subcontractor work may not begin until the subcontract is signed or, in specific situations, a Limited Notice to Proceed form is signed. The CONTRACTOR will not sublet more than sixty percent (60%) of the SERVICES by dollar amount.

REQUEST FOR QUALIFICATIONS

Such approval of any Intent to Subcontract form is given solely for the purposes of MCDR. Approval does not constitute an assumption of liability, a waiver, or an estoppel to enforce any of the requirements of this Contract, nor will any such approval by MCDR be construed as a warranty of the third party's qualifications, professional standing, ability to perform the work being subcontracted, or financial integrity. The Intent to Subcontract form does not replace the traditional subcontract or subcontract amendment between the CONTRACTOR and its subcontractor. MCDR or its representative may inspect, copy, scan, or audit the traditional subcontract records at any reasonable time after giving reasonable notice.

Any subconsultant will not sublet more than fifty percent (50%) of its subcontracted SERVICES by dollar amount. This provision will be included in all subcontracts relating to this Contract.

The following named subcontractor(s), as set forth in Exhibit A, will perform portions of the SERVICES:

«SUBS»

29. The CONTRACTOR agrees to pay each subcontractor for the satisfactory completion of work associated with the subcontract no later than ten (10) calendar days from the receipt of each payment the CONTRACTOR receives from MCDR. This requirement is also applicable to all sub-tier subcontractors and will be made a part of all subcontract agreements.

This prompt payment provision is a requirement of 49 CFR Part 26, as amended, and does not confer third-party beneficiary right or other direct right to a subcontractor against MCDR. This provision applies to both Disadvantaged Business Enterprise (DBE) and non-DBE subcontractors.

The CONTRACTOR further agrees that it will comply with 49 CFR Part 26, as amended, and will report any and all DBE subcontractor payments to MCDR semi-annually in the format set forth in Appendix G, dated September 2015, attached hereto and made a part hereof, or any other format acceptable to MCDR.

30. All questions that may arise as to the quality and acceptability of work, the manner of performance and rate of progress of the work, the interpretation of designs and specifications, and the satisfactory and acceptable fulfillment of the terms of this Contract will be decided by MCDR.
31. With regard to non-discrimination and DBE requirements:
- a. In connection with the performance of SERVICES under this Contract, the CONTRACTOR (hereinafter in Appendix A referred to as the "contractor") agrees to comply with the State of Michigan provisions for "Prohibition of Discrimination in State Contracts," as set forth in Appendix A, dated June 2011, attached hereto and made a part hereof. This provision will be included in all subcontracts relating to this Contract.

REQUEST FOR QUALIFICATIONS

- b. During the performance of this Contract, the CONTRACTOR, for itself, its assignees, and its successors in interest (hereinafter in Appendix B referred to as the "contractor") agrees to comply with the Civil Rights Act of 1964, being P.L. 88-352, 78 Stat. 241, as amended, being Title 42 USC Sections 1971, 1975a-1975d, and 2000a-2000h-6, and the Regulations of the Department of Transportation (49 CFR Part 21) issued pursuant to said Act, including Appendix B, dated June 2011, attached hereto and made a part hereof. This provision will be included in all subcontracts relating to this Contract.
32. Public Act 533 of 2004 requires that payments under this Contract be processed by electronic funds transfer (EFT). The CONTRACTOR is required to register to receive payments by EFT at SIGMA Vendor Self Service (VSS) website (www.michigan.gov/SIGMAVSS).
33. The CONTRACTOR specifically agrees that in the performance of the SERVICES herein enumerated, by itself, or by an approved subcontractor, or by anyone acting on its behalf, it will comply with any and all state, federal, and local statutes, ordinances, and regulations and will obtain all permits that are applicable to the entry into and the performance of this Contract.
34. The CONTRACTOR warrants that it has not employed or retained any company or person other than bona fide employees working solely for the CONTRACTOR to solicit or secure this Contract and that it has not paid or agreed to pay any company or person, other than bona fide employees working solely for the CONTRACTOR, any fee, commission, percentage, brokerage fee, gift, or any other consideration contingent upon or resulting from the award or making of this Contract. For breach or violation of this warranty, MCDR will have the right to annul this Contract without liability or, at its discretion, to deduct from the contract price or consideration or otherwise recover the full amount of such fee, commission, percentage, brokerage fee, gift, or contingent fee.
35. If MCDR does not wish to subscribe to the findings or conclusions of the SERVICES, the following statement will be added to the credit line of all reports published by the CONTRACTOR or by MCDR:
- "The opinions, findings, and conclusions expressed in this publication are those of the authors and not necessarily those of the Michigan State Transportation Commission, or the Michigan Department of Transportation, or Macomb County, or the Federal Highway Administration."*
36. It is agreed that the CONTRACTOR will not copyright any papers, reports, forms, or other materials that are part of its work under this Contract without the prior written approval of MCDR.
37. In addition to the protection afforded by any policy of insurance, the CONTRACTOR agrees to indemnify, defend, and save harmless MCDR, the City of Warren, the City of Sterling Heights, and all officers, agents, and employees thereof:

REQUEST FOR QUALIFICATIONS

- a. From any and all claims by persons, firms, or corporations for labor, services, materials, or supplies provided to the CONTRACTOR in connection with the CONTRACTOR's performance of the SERVICES; and
- b. From any and all claims for injuries to or death of any and all persons, for loss of or damage to property, for environmental damage, degradation, and response and cleanup costs, and for attorney fees and related costs arising out of, under, or by reason of the CONTRACTOR's performance of the SERVICES under this Contract, except claims resulting from the sole negligence or willful acts or omissions of said indemnitee, its agents, or its employees.

MCDR will not be subject to any obligations or liabilities by contractors of the CONTRACTOR or their subcontractors or any other person not a party to this Contract without its specific consent and notwithstanding its concurrence with or approval of the award of any contract or subcontract or the solicitation thereof.

It is expressly understood and agreed that the CONTRACTOR will take no action or conduct that arises either directly or indirectly out of its obligations, responsibilities, and duties under this Contract that results in claims being asserted against or judgments being imposed against the State of Michigan, the Michigan State Transportation Commission, MCDR, and/or the FHWA, as applicable.

In the event that the same occurs, it will be considered as a breach of this Contract, thereby giving the State of Michigan, the Michigan State Transportation Commission, MCDR, and/or the FHWA, as applicable, a right to seek and obtain any necessary relief or remedy, including, but not limited to, a judgment for money damages.

38. In accordance with 1980 PA 278, MCL 423.321 et seq., the CONTRACTOR, in the performance of this Contract, will not enter into a contract with a subcontractor, manufacturer, or supplier listed in the register maintained by the United States Department of Labor of employers who have been found in contempt of court by a federal court of appeals on not less than three (3) occasions involving different violations during the preceding seven (7) years for failure to correct an unfair labor practice, as prohibited by Section 8 of Chapter 372 of the National Labor Relations Act, 29 USC 158. MCDR may void this Contract if the name of the CONTRACTOR or the name of a subcontractor, manufacturer, or supplier utilized by the CONTRACTOR in the performance of this Contract subsequently appears in the register during the performance of this Contract.
39. The CONTRACTOR's signature on this Contract constitutes the CONTRACTOR's certification that to the best of his or her knowledge and belief no federal appropriated funds have been paid or will be paid by or on behalf of the undersigned to any person for influencing or attempting to influence an officer or employee of any federal agency, a member of Congress, an officer or employee of Congress, or an employee of a member of Congress in connection with the awarding of any federal contract, the making of any federal grant, the making of any federal loan, the entering into of any cooperative agreement, or the extension, continuation, renewal, amendment, or modification of any federal contract, grant, loan, or cooperative agreement.

REQUEST FOR QUALIFICATIONS

The CONTRACTOR will require that the language of this certification be included in the award documents for all third-party agreements (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients will certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, Title 31, U.S. Code. Any person who fails to file the required certification will be subject to a civil penalty of not less than Ten Thousand Dollars (\$10,000.00) and not more than One Hundred Thousand Dollars (\$100,000.00) for each such failure.

40. The CONTRACTOR's signature on this Contract constitutes the CONTRACTOR's certification of "status" under penalty of perjury under the laws of the United States with respect to 49 CFR Part 29, as amended and as relocated to 2 CFR Part 1200, pursuant to Executive Order 12549.

The certification that is included as a part of this Contract as Attachment B is Appendix A of 49 CFR Part 29 and applies to the CONTRACTOR (referred to in Appendix A as "the prospective primary participant").

The CONTRACTOR is responsible for obtaining the same certification from all subcontractors under this Contract by inserting the following paragraph in all subcontracts:

"The subcontractor's signature on this Contract constitutes the subcontractor's certification of 'status' under penalty of perjury under the laws of the United States with respect to 49 CFR Part 29, as amended and as relocated to 2 CFR Part 1200, pursuant to Executive Order 12549. The certification included as a part of this Contract as Attachment B is Appendix B of 49 CFR Part 29."

This certification is required of all subcontractors, testing laboratories, and other lower tier participants with which the CONTRACTOR enters into written arrangements for the procurement of goods and services provided for in this Contract.

41. For contracts in excess of One Hundred Thousand Dollars (\$100,000.00):
- a. The CONTRACTOR stipulates that any facility to be utilized in the performance of this Contract, unless such Contract is exempt under the Clean Air Act, as amended (42 USC 7401 et seq., as amended, including Pub. L. 101-549), and under the Clean Water Act, as amended (33 USC 1251 et seq., as amended, including Pub. L. 100-4), and/or under Executive Order 11738 and regulations in implementation thereof (40 CFR Part 15), is not listed on the date of Contract award on the U.S. Environmental Protection Agency (EPA) List of Violating Facilities pursuant to 40 CFR 15.20.
 - b. The CONTRACTOR agrees to comply with all the requirements of the Clean Air Act and the Clean Water Act and all regulations and guidelines listed thereunder related to the CONTRACTOR and the SERVICES under this Contract.

REQUEST FOR QUALIFICATIONS

- c. The CONTRACTOR will promptly notify MCDR and the U.S. EPA, Assistant Administrator for Enforcement, of the receipt of any communication from the Director, Office of Federal Activities, EPA, indicating that a facility to be utilized for this Contract is under consideration to be listed on the EPA List of Violating Facilities.
 - d. The CONTRACTOR agrees to include or cause to be included the requirements of the preceding three (3) paragraphs, (a), (b), and (c), in every nonexempt subcontract.
42. The CONTRACTOR agrees that no otherwise qualified individuals with disabilities in the United States, as defined in the Americans with Disabilities Act, 42 USC 12101 et seq., as amended, and regulations in implementation thereof (29 CFR Part 1630), will, solely by reason of their disabilities, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving benefits under this Contract.
 43. The CONTRACTOR agrees that it will not volunteer, offer, or sell its services to any litigant against MCDR with respect to any SERVICES it has agreed to perform for MCDR under this Contract, provided that this provision will not apply either when the CONTRACTOR is issued a valid subpoena to testify in a judicial or administrative proceeding or when the enforcement of this provision would cause the CONTRACTOR to be in violation of any Michigan or federal law.
 44. Any approvals, acceptances, reviews, and inspections of any nature by MCDR will not be construed as a warranty or assumption of liability on the part of MCDR. It is expressly understood and agreed that any such approvals, acceptances, reviews, and inspections are for the sole and exclusive purposes of MCDR, which is acting in a governmental capacity under this Contract, and that such approvals, acceptances, reviews, and inspections are a governmental function incidental to the SERVICES under this Contract.

Any such approvals, acceptances, reviews, and inspections by MCDR will not relieve the CONTRACTOR of its obligations hereunder, nor are such approvals, acceptances, reviews, and inspections by MCDR to be construed as a warranty as to the propriety of the CONTRACTOR's performance but are undertaken for the sole use and information of MCDR.
 45. With regard to claims based on goods or services that were used to meet the CONTRACTOR's obligation to MCDR under this Contract, the CONTRACTOR hereby irrevocably assigns its right to pursue any claims for relief or causes of action for damages sustained by the State of Michigan or MCDR due to any violation of 15 USC, Sections 1 - 15, and/or 1984 PA 274, MCL 445.771 - 445.788, excluding Section 4a, to the State of Michigan or MCDR.

The CONTRACTOR shall require any subcontractors to irrevocably assign their rights to pursue any claims for relief or causes of action for damages sustained by the State of Michigan or MCDR with regard to claims based on goods or services that were used to

REQUEST FOR QUALIFICATIONS

meet the CONTRACTOR's obligation to MCDR under this Contract due to any violation of 15 USC, Sections 1 - 15, and/or 1984 PA 274, MCL 445.771 - 445.788, excluding Section 4a, to the State of Michigan or MCDR as a third-party beneficiary.

The CONTRACTOR shall notify MCDR if it becomes aware that an antitrust violation with regard to claims based on goods or services that were used to meet the CONTRACTOR's obligation to MCDR under this Contract may have occurred or is threatened to occur. The CONTRACTOR shall also notify MCDR if it becomes aware of any person's intent to commence, or of commencement of, an antitrust action with regard to claims based on goods or services that were used to meet the CONTRACTOR's obligation to MCDR under this Contract.

46. The CONTRACTOR and its Affiliates agree not to have any public or private interest, and shall not acquire directly or indirectly any such interest in connection with the project, that would conflict or appear to conflict in any manner with the performance of the SERVICES under this Contract. "Affiliate" means a corporate entity linked to the CONTRACTOR through common ownership. The CONTRACTOR and its Affiliates agree not to provide any services to a construction contractor or any entity that may have an adversarial interest in a project for which it has provided services to MCDR. The CONTRACTOR and its Affiliates agree to disclose to MCDR all other interests that the prime or sub consultants have or contemplate having during each phase of the project. The phases of the project include, but are not limited to planning, scoping, early preliminary engineering, design, and construction. In all situations, MCDR will decide if a conflict of interest exists. If MCDR concludes that a conflict of interest exists, it will inform the CONTRACTOR and its Affiliates. If the CONTRACTOR and its Affiliates choose to retain the interest constituting the conflict, MCDR may terminate the Contract for cause in accordance with the provisions stated in this Contract.
47. Any public relations communications and/or products pertaining to this Contract or the SERVICES hereunder that are intended for an external audience will not be made without prior written approval from MCDR, and then only in accordance with explicit instructions from MCDR. Examples of public relations communications and/or products may include the following:
- a. Use of the MCDR logo;
 - b. Brochures, flyers, invitations, programs, or any other printed materials intended for an external audience;
 - c. Postings on social media sites or Web sites;
 - d. New or updated video, digital versatile disk (DVD), or video sharing productions;
 - e. Exhibits or presentations.

A violation of this provision constitutes a breach of this Contract and the prequalification rules, and MCDR may terminate this Contract under the provisions of Section 24(b).

REQUEST FOR QUALIFICATIONS

- 48. This Contract will be in effect from the date of award through «ENDCON». Costs incurred outside of the term of this Contract will not be eligible for reimbursement.
- 49. Prior to expiration, the time for completion of performance under this Contract may be extended by MCDR upon written request and justification from the CONTRACTOR. Upon approval and authorization by MCDR, a written time extension amendment will be prepared and issued by MCDR. Any such extension will not operate as a waiver by MCDR of any of its rights herein set forth.
- 50. In case of any discrepancies between the body of this Contract and any exhibits hereto, the body of this Contract will govern.
- 51. This Contract will become binding on the parties and of full force and effect upon signing by the duly authorized representatives of the CONTRACTOR and of MCDR and upon adoption of a resolution approving said Contract and authorizing the signature(s) thereto of the respective representative(s) of the CONTRACTOR, a certified copy of which resolution will be sent to MCDR with this Contract, as applicable.
