Reviewed only for general conformance with the project requirements indicated in Contract Documents and/or for consistency with the project design concept. This review does not relieve the Contractor from responsibility for errors or omissions in designs for which the Contractor is responsible. Contractor is responsible for compliance with all requirements of the Contract Documents and for the safe and successful construction of the work. This review does not consider the means, methods, techniques, sequences, fabrication processes, and operations of construction, or safety precautions or programs incidental thereto, which are the sole responsibility of the Contractor.
